*My sincere condolences on the loss of a wonderful man. I remember those early years at TMMK and the memories we made. One of my favorites was the fact that Cullen always wore the same two flannel shirts to work all the time and one had a large hole and his belly hung out. So Sherri Cartwright and I got together and we decided that we would buy Cullen some new shirts for Christmas. He was very appreciative however he said girls I didn't really need any new shirts I have plenty I just choose to wear those two.*

*Cherish the memories and God bless you.*

*He had a thing for wearing the same shirt for years. Because even after he left body paint inspection he still wore those body shop long sleeve blue shirts for years afterwards (with tons of old body shop holes in them). A lot of really great memories. I really feel like I've lost a family member. My sincere heartfelt thoughts go out to his family 🙏🙏*
