“ Mom,

Its been a very long and very tough year without you here. No one ever knew what kind of person George was until after you had passed. He has taken everything from us and will not let us get anything from your house. He has stolen your jewelry and sold it, selling the house and killing your animals. The hardest part is knowing he was a part of our family for so long and what he is doing now just brings up your passing over and over to your kids. My thoughts are that he was probably seeing this woman before your passing. That is the way he is acting. He has lied to us about the amount of money for life insurance, he lied about the animals and your jewelry. I know he will get what is coming to him for what he has done and continues to do to your children. His actions shows he never cared about you. He has given all your furniture to his family, whom hated you and he knew that. I just hope with his last breath he sees you and you give him the what for!!! I wont be happy again until he is gone from this earth after what he has done!!! I miss you and Gypsy so much... This never gets easier...even with time.. I love you so much...

*Love,
Rob*

“ Mom,

I wish you were still here. I miss you so very much.. It never gets any easier trying to get over your loss. Things have changed so much since you were taken from us.. All of your kids are lost without you and this really sucks! I still cry all the time for you. This is the 1st Christmas without you and I really hate it.. Life is not the same without you and Gypsy... My world changed so much in that 1 week...it was turned upside down... I know you are in a better place... I just miss you so much...

All my love,

Rob

“ Mom,

*I know you have been beside yourself over what George has been doing since you have passed. He is not letting any of your kids have anything of yours, unless he doesn't want it or if it is of no value to him. He has taken all of your stuff you ever had from this family and has moved it to his new girlfriend's house. He has sold most of your jewelry except for a few ear rings and necklaces. He has either killed, gave away or left your animals on their own and I know that is hurting you so much. I am so sorry he has hurt you like this!!! I know you and God is watching down and he is getting his due... Karma is a bad thing!!! We finally were able to get all of the dogs ashes and your ashes so the kids got together last night and we able to spread your ashes. I know you are at rest now...you are with your babies and that makes us happy.. The most important things is that we got you and the dogs back!!! He can take the house and all of the jewelry and shove it up his A!! We all love you so much..more than words can say... I know all of our babies are with you...take care of them... We will see you and them again someday!
I love you so very much!!

“ Mom,

*I wish you were still with us because I miss you much. I feel lost without being able to talk to you anymore. Michael and I have a new baby that we just rescued from the shelter. Her name is Lulu-Belle, she is a Jack Russell Terrier mix. She is between 1-2 and full of energy. I wish you and Gypsy were her to see you because I know you would love her. I wanted to call you as soon as we got her but all I could do was think of you and Gypsy and cry. You 2 are always in my heart and always on my mind.
I love you
