“ Dear family and friends. May our Lord give you comfort in your time of need. Back in the early 90's when we still had big snow falls Gary would always make sure that our propane tanks were full. He will always be known and remembered for singing that beautiful song the lighthouse. Till we all meet again and sing in that heavenly choir. The Halcomb family and Falmouth Christian Church. 🕊️💖🙏

“ One day Gary was here to check out the gas appliances. He sent the person with him to check something on the gas tank. I had put some rubber snakes under the cover to keep the black birds from nesting under it. When the hood on the tank a lot of back peddling was done and Gary had a big laugh.
