“ I am so sorry this is so belated, was unaware of Aunt Glo's passing. Aunt Glo stayed in touch with me over the years with small hand written letters filled with stickers that I shared with my special students. We reconnected when I retired from teaching and moved from California to Indiana. Janet's other children joined me in visiting Glo in DeMossville a couple years ago and she was just as always, the most gracious host. One of my favorite memories from childhood happened at her home across the creek. Gloria greeted us at the door of her home pushing back what I thought were puppies. Upon entering, we discovered a litter of baby piglets in the kitchen! they were so adorable, running all over the place. We spent the next hour playing and feeding the piglets. It was a very chilly winter day and Glo stated, I just can't leave them out in the cold. Kindness seemed to overflow when ever I was around your Mother. Sorry for your loss and our entire families loss of that whole generation now. Aunt Glo was our last connection to our Mother, Janet.

Your Mother sent me a beautiful photo album she assembled with copies of all the pictures she had of my family. Through her compassion, generosity and kindness gave me such wonderful memories of my own childhood.
