“ *My deepest sympathy to all of Mike's family! Mike and I began in passenger service with Delta on the same day in DTW, and worked together the entire time until he transferred out. We had some great times together! He possessed a unique and easy going personality that everyone loved being a part of. Mike will be missed and your entire family are in our prayers!*

“ Jan, we were so sorry to hear that Mike had passed away knowing that to the end he fought what the cancer was doing to him. He was one of the "good old guys". Bob worked with him for many years and while I only knew him from the airport he will stay in my memory with a smile on his face because that is how he always greeted me. Our prayers are with you and your whole family. A

“ Mike was my oldest brother, 9 years separated us. Even though there were 9 years between us, we remained very close. He fought a very difficult battle against a very serious cancer with a tremendous amount of dignity. I wish we could have seen each other more often but as we got older and had families the time to do so became more difficult. We will miss him for his personality, his humor, and his competitiveness on the golf course. Now that you are reunited with Mom and Dad perhaps there are many more rounds of golf in your future. We miss you.

Love Terry
