“ Well I don't even know where to start. Nancy and I grew up in Berry great friends, stayed friends thru school and after. Good memories in Berry, but the one that stands out for me is Nancy's mom and dad were one of the first families to have color TV. This was the best thing ever I thought. Several of us kids from Berry gathered at Nancy's house we weren't very old maybe Jr High or even maybe still elementary school. Anyway we all gathered to watch the Wizard of Oz at her house. I had watched this every year for years but never saw the color version. It was awesome, loved it. Will miss Nancy and hold on to my memories.
Prayers for her daughters, grandchildren, an Danny. Prayers you will get thru this and have your memories.

Nancy and I worked together for many years at HMM after being in school together at Harrison County. Our best conversations were about our grandchildren and what a different joy they brought to our lives. I know her supporting love to those grandchildren and children will be missed beyond measure. My prayers to Danny and all Nancy's family. I know you all will miss her but know her love is always with each of you.
