“ *Robbie was our landscaper and friend. He always kept our yard pristine and was a hard worker. Many of his friends on Ono Island will miss his "goodness". He often brought corn, watermelon and the biggest cabbage I've ever seen. He was kind and gentle and will be missed by many!*

*Jim and I are heartbroken learning of Robbie's passing. He worked for us for years on Ono Island and he was the hardest and most meticulous worker that we have ever had. That work ethic is priceless and led to a friendship. His kindness was priceless and his laughter contagious. Jim has Parkinson's and Robbie made a point to check on him or to say hello and pet Gracie, our fur-baby, on his way off the Island. He took pride in every yard he took care of on the Island, dropped off freshly picked farm vegetables and checked for weeds or called to remind us of freezing weather so he could cover them. He did not have much but his joy given to all around him was the greatest gift. We did not know your family but he spoke highly of his parents, daughter and sister. He was truly amazing, wanted nothing given to him that he did not work for and appreciated kindness shown to him. We cannot imagine not seeing his little green truck coming to check on us or to work and it will take a while to get over his passing. He was humble, respectful and loving. We pray that your heart is comforted and that you realize all the people whom cared so much for him here in Alabama and it makes your heart proud. Peace be with his family always and Robbie you are at rest eternally now, you are forever loved and missed always.

It has taken me awhile to be able to write about our sweet friend Robbie. My husband and I loved him like he was part of our family. Robbie was one of the best souls I have ever met. He was a hard worker. He was kind and generous. He would do anything to help my husband and I. We miss him so much but are so happy he was part of our lives for a time. Rest well dear friend.
