“ *I can't even wrap my mind around this. Never did I think I would be writing something under this! :(... Feels like I been sitting here staring at this keyboard forever. Thinking about all the memories I have of you! .. My closest cousin that I always looked up to growing up. We have so many childhood memories together.. From late night sleep overs, with lots of laughs and great times. To becoming young woman, dressing up & putting make-up on one another. Those memories I will cherish forever. As well as all the conversations I have saved from u and I. You will definitely be missed... Until we see each other again.!! Rest easy beautiful. †*

“ The last time I seen her she was working. She gave me a big hug, she was telling me she was changing her life. She looked so good. She was a beautiful young lady with a big heart. 💔
