“ Aunt Lou has always held a special place in my family. My mom adored her and when she passed away I got to understand why first hand as Aunt Lou reached out and was extremely supportive during that time. She always put a smile on my face and was a true highlight of my day. She will live forever in my fond memories and she will truly be missed.

*John,
I was very sorry to hear of your mom's passing. I remember a story from the mid 60's with me, my dad and your mom. It was about this time of year, and we were at the old Weavers farm supply in Falmouth. Your mom stopped in to shop for an insecticide to apply to her tobacco crop. She asked my dad if he was having any problems with insects in his tobacco and he told her he was covered up with cotton boll weevils. She was very interested until I began to laugh and gave the joke away. Her laughter was absolutely infectious. My dad spoke of joking with her many times through the years and often stated how much he thought of both your parents.
Please accept my deepest sympathy and know how much the community thought of your mother.
Sincerely,
David Doan*
